Original NIQ Date	2 September 2026
Corrigendum Date	17 September 2026
Subject	Procurement of Dual-Fuel / Dual-Energy Goods Carrying Vehicle under the SBIF LEAP Project

Purpose of this corrigendum

This corrigendum is issued pursuant to the pre-bid meeting held on 14 September 2026. It records the decisions and clarifications applicable to the NIQ and shall be read together with the original NIQ. In case of any inconsistency, this corrigendum shall prevail.

Sl. No.	NIQ Section / Annexure	Amendment / Clarification
1	Sections 6.1 and 8.1 – Multiple Models and Petrol Capacity	A bidder may submit quotations for multiple vehicle models or variants. At least one primary compliant model must have a minimum petrol tank capacity of 30 litres. Additional dual-fuel or dual-energy models with lower petrol capacity may also be quoted, subject to technical and operational suitability and the sole discretion of NEWS.
2	Annexures II and III – Model-wise Submission	A separate Annexure II and Annexure III shall be submitted for each model or variant. The bidder shall identify the primary 30-litre compliant model and any additional alternative model. The financial bid shall disclose the discount offered, discount amount, price after discount, applicable GST/taxes and final on-road price.
3	Section 10 – Eligibility and Documents	The bidder shall submit documentary evidence of a valid Trade Certificate and details of at least one authorised service centre within 40 km of the NEWS Administrative Office, including the centre's name, address, contact details and proof of authorisation. Detailed service, spare-parts and post-purchase benefits shall be provided as specified in Section 16.
4	Section 12 – Technical Evaluation	The reference to preferred specifications in “Section 6,7 & 8”
5	Pre-bid meeting requirement	The pre-bid meeting has been completed. No further pre-bid meeting or presentation is required from bidders.

Submission deadline: The last date and time for submission of quotations remains unchanged: 19 September 2026, by 12:00 PM. All other terms, conditions, specifications and dates of the original NIQ shall remain unchanged.
